

PREMIER SALES AUTOMATION SOLUTIONS

Ai2 is the most experienced company dedicated to providing stand-alone order management solutions to the foodservice and CPG wholesale industries.

- For almost three decades, nearly one thousand distributors—many of them the largest distributors in the foodservice—have relied on Ai2 for their mobile order management needs.
- Ai2's order management solutions are designed to be flexible, configurable, reliable and to maximize profitable sales.
- Ai2 develops solutions for laptops, tablet-based PCs and iPad.
- Our solutions are fast, intuitive, easy and allow for robust remote order management for reps and customers.
- Ai2's solutions empower your sales team to be better business consultants and create opportunities to increase order profitability and customer satisfaction.

Visit Ai2.com or call (800) 835-3200 to schedule your demo and learn what our solutions can do for you.
